Subject Overview:	Students enrolled in this subject will undertake a piece of research in Development Studies approved by the course coordinator. The research will incorporate an analysis of development theory and practice. On completion of the subject, students will submit a minor thesis on their chosen research topic. Students are expected to attend the development studies seminar series held each semester as part of their enrolment in this subject.						
Objectives:	<p>Students who successfully complete this subject will</p> <ul style="list-style-type: none"> # have an awareness of the philosophy and scope of development; # have acquired research skills and an understanding of methods used to analyse development issues and processes; # have undertaken research in a specialised area of their choice and submitted a thesis; # have written a coherent and empirically substantiated research paper; # defended that paper. 						
Assessment:	A thesis of 15,000 words, due at the end of the second semester of enrolment. The following Hurdle Requirements must be met in order for students to be eligible to submit the final Thesis: 1. Supervision: Regular supervisory meetings 2. Topic Proposal Form: To be submitted by the						

	<p>first week of the Semester of thesis enrolment 3. Progress Report: To be submitted half way through the thesis year 4. Thesis Draft: A full draft of the thesis is to be submitted approximately 5 weeks prior to the final thesis submission date. Final Theses submitted after the due date and up to 10 working days late without an approved extension will be marked on a pass/fail basis only. Assessment that is submitted later than 10 working days will not accepted or marked.</p>
Prescribed Texts:	Appropriate texts will be determined in consultation with Thesis supervisor
Breadth Options:	This subject is not available as a breadth subject.
Fees Information:	Subject EFTSL, Level, Discipline & Census Date, http://enrolment.unimelb.edu.au/fees
Generic Skills:	<p>Students who successfully complete this subject should:</p> <ul style="list-style-type: none"> # be able to obtain information to evaluate empirical and theoretical propositions; # develop research skills including the logic of research design, research methods and writing; # pursue an intensive investigation of a selected topic in development studies; # think critically about development methods, concepts, and theories; # engage in independent research work; # write coherent research proposals.
