Coordinator:	Mr Nadeem Malik						
Contact:	Dr. Nadeem Malik malikn@unimelb.edu.au						
Subject Overview:	Development Strategies is designed to facilitate an understanding of the conceptual links between theoretical, substantive and practical issues. Students will critically reflect upon and contextualise development strategies in the light of diverse cultural, political and economic scenarios within the developing world. This subject will provide students significant insights into the complexities of development practice.						
Objectives:	On completion of this subject, students should be able to: <ul style="list-style-type: none"> # Analyse the link between theoretical, substantial and practical issues surrounding development; # Understand key development strategies for improving the lives of marginalised communities in the developing world; # Critically reflect and contextualise development strategies in the light of diverse cultural, political and economic scenarios within the developing world. 						
Assessment:	A 2000 word essay due mid-semester (40%) and a 3000 word essay due during the examination period (60%). Hurdle Requirement: Students are required to attend a minimum of 80% of classes in order to qualify to have their written work assessed. Regular participation in class is required. Assessment that is submitted after the due date and up to 10 working days late without an approved extension will be marked on a pass/fail basis only. Assessment that is submitted later than 10 working days will not be accepted or marked. In-class tasks missed without approval will not be marked. All pieces of written work must be submitted to pass this subject.						

Prescribed Texts:	An online subject reader will be available to students.
Recommended Texts:	None
Breadth Options:	This subject is not available as a breadth subject.
Fees Information:	Subject EFTSL, Level, Discipline & Census Date, http://enrolment.unimelb.edu.au/fees
Generic Skills:	<p>On completion of this subject, students should be able to:</p> <ul style="list-style-type: none"> # Demonstrate an understanding of how to integrate practical examples with theoretical debates from different perspectives; # Demonstrate critical reflections on key debates regarding a range of development strategies and acritical understanding of the impact of these strategies on marginalised communities in developing countries; # Demonstrate an awareness of alternative theoretical perspectives and various possibilities for analysis of development strategies; # Apply research skills to evaluate the impact of development strategies implemented by development organisations in communities in the developing world.
