Subject Overview:	This subject will examine the range of human resource management systems that seek to measure employee work performance and the implications for the design and evaluation of reward systems. The focus is on the design and evaluation of performance and reward management systems for both managerial and non-managerial employees. In the first half of the semester we will examine a range of design and operational challenges with performance management systems and the second half of the semester we will examine reward systems, with a particular emphasis on performance pay plans and their implications for employees, managers unions and global organisations.
Objectives:	On successful completion of this subject, students should be able to: <ul style="list-style-type: none"> # Identify the key features of individual, group and organisational level reward systems and performance management systems; # Explain relationships between individual performance and a variety of reward systems that seek to promote organisational performance; # Analyse and evaluate the effectiveness of the various approaches to pay and performance management.
Assessment:	Assignment(s) not exceeding 3000 words (50%) One 2-hour end-of-semester examination (50%)
Prescribed Texts:	None
Breadth Options:	This subject is not available as a breadth subject.

Fees Information:	Subject EFTSL, Level, Discipline & Census Date, http://enrolment.unimelb.edu.au/fees
Generic Skills:	<p>On successful completion of this subject, students should have improved the following generic skills:</p> <ul style="list-style-type: none"> # Critical thinking, which should be fostered by the application of theories relevant to performance management systems and to contemporary organisational practice; # Problem solving, which should be developed by assignments that will require students to apply principles discussed in lectures and readings to their own or hypothetical situations; # Oral and written communication, which should be developed in class discussion and in preparation of written assignments.
