

# PHIL30043 The Power and Limits of Logic

<b>Credit Points:</b>	12.50												
<b>Level:</b>	3 (Undergraduate)												
<b>Dates &amp; Locations:</b>	2013, Parkville This subject commences in the following study period/s: Semester 1, Parkville - Taught on campus. Standard												
<b>Time Commitment:</b>	Contact Hours: 3 (1 x 2 hour lecture per week and 1 x 1 hour tutorial in weeks 2 to 12) Total Time Commitment: An average of 8.5 hours per week.												
<b>Prerequisites:</b>	None.												
<b>Corequisites:</b>	None.												
<b>Recommended Background Knowledge:</b>	Completion of at least one of the following is helpful, but is not required: <table border="1" data-bbox="387 766 1485 1025"> <thead> <tr> <th>Subject</th> <th>Study Period Commencement:</th> <th>Credit Points:</th> </tr> </thead> <tbody> <tr> <td>UNIB10002 Logic: Language and Information</td> <td>Not offered 2013</td> <td>12.50</td> </tr> <tr> <td>PHIL20030 Meaning, Possibility and Paradox</td> <td>Not offered 2013</td> <td>12.50</td> </tr> <tr> <td>MAST10012 Introduction to Mathematics</td> <td>Semester 1</td> <td>12.50</td> </tr> </tbody> </table>	Subject	Study Period Commencement:	Credit Points:	UNIB10002 Logic: Language and Information	Not offered 2013	12.50	PHIL20030 Meaning, Possibility and Paradox	Not offered 2013	12.50	MAST10012 Introduction to Mathematics	Semester 1	12.50
Subject	Study Period Commencement:	Credit Points:											
UNIB10002 Logic: Language and Information	Not offered 2013	12.50											
PHIL20030 Meaning, Possibility and Paradox	Not offered 2013	12.50											
MAST10012 Introduction to Mathematics	Semester 1	12.50											
<b>Non Allowed Subjects:</b>	Students who have completed 161-241 or 672-363 (Logic: Completeness or Incompleteness) are not permitted to enrol in this subject.												
<b>Core Participation Requirements:</b>	For the purposes of considering request for Reasonable Adjustments under the disability Standards for Education (Cwth 2005), and Students Experiencing Academic Disadvantage Policy, academic requirements for this subject are articulated in the Subject Description, Subject Objectives, Generic Skills and Assessment Requirements of this entry. The University is dedicated to provide support to those with special requirements. Further details on the disability support scheme can be found at the Disability Liaison Unit website: <a href="http://www.services.unimelb.edu.au/disability/">http://www.services.unimelb.edu.au/disability/</a>												
<b>Coordinator:</b>	Prof Greg Restall												
<b>Contact:</b>	<b>Professor Greg Restall</b> ( <a href="http://www.findanexpert.unimelb.edu.au/display/person8019">http://www.findanexpert.unimelb.edu.au/display/person8019</a> ) <a href="mailto:restall@unimelb.edu.au">restall@unimelb.edu.au</a> ( <a href="mailto:restall@unimelb.edu.au">mailto:restall@unimelb.edu.au</a> )												
<b>Subject Overview:</b>	This subject deals with the power and limits of formal logic. It covers topics in logic beyond what is covered in an introduction, such as the completeness and undecidability of first-order logic, and the boundary between the computable and the uncomputable. The course finishes with an elaboration of Gödel's incompleteness theorem, and a discussion of its consequences. Concepts and results will be approached via both practical experience with formal techniques and theoretical reflection on those techniques, enabling students to appreciate the philosophical importance of the major logical results and equipping them for further work in logic in philosophy, mathematics, linguistics, computer science and other related fields.												
<b>Objectives:</b>	Students who successfully complete this class should: <ul style="list-style-type: none"> <li># develop an overview of core features of formal logic, its scope and its limits.</li> <li># demonstrate an ability to prove results in and about formal logics.</li> </ul>												

	<ul style="list-style-type: none"> <li># develop a command of the connections between proof, computation, decidability, incompleteness and completeness.</li> <li># critically reflect on the strengths and weaknesses of formal logic and its appropriateness for different applications.</li> </ul>
<b>Assessment:</b>	Tutorial exercises 50% (throughout semester), and a 2 hr written examination (not open-book) 50% (during the end of semester examination period). This subject has a minimum hurdle requirement of 75% tutorial attendance. Regular participation in tutorials is required. Assessment submitted late without an approved extension will be penalised at 10% per day. In-class tasks missed without approval will not be marked. All pieces of written work must be submitted to pass this subject.
<b>Prescribed Texts:</b>	To be advised.
<b>Breadth Options:</b>	<p>This subject potentially can be taken as a breadth subject component for the following courses:</p> <ul style="list-style-type: none"> <li># <b>Bachelor of Biomedicine</b> (<a href="https://handbook.unimelb.edu.au/view/2013/B-BMED">https://handbook.unimelb.edu.au/view/2013/B-BMED</a>)</li> <li># <b>Bachelor of Commerce</b> (<a href="https://handbook.unimelb.edu.au/view/2013/B-COM">https://handbook.unimelb.edu.au/view/2013/B-COM</a>)</li> <li># <b>Bachelor of Environments</b> (<a href="https://handbook.unimelb.edu.au/view/2013/B-ENVS">https://handbook.unimelb.edu.au/view/2013/B-ENVS</a>)</li> <li># <b>Bachelor of Music</b> (<a href="https://handbook.unimelb.edu.au/view/2013/B-MUS">https://handbook.unimelb.edu.au/view/2013/B-MUS</a>)</li> <li># <b>Bachelor of Science</b> (<a href="https://handbook.unimelb.edu.au/view/2013/B-SCI">https://handbook.unimelb.edu.au/view/2013/B-SCI</a>)</li> <li># <b>Bachelor of Engineering</b> (<a href="https://handbook.unimelb.edu.au/view/2013/B-ENG">https://handbook.unimelb.edu.au/view/2013/B-ENG</a>)</li> </ul> <p>You should visit <b>learn more about breadth subjects</b> (<a href="http://breadth.unimelb.edu.au/breadth/info/index.html">http://breadth.unimelb.edu.au/breadth/info/index.html</a>) and read the breadth requirements for your degree, and should discuss your choice with your student adviser, before deciding on your subjects.</p>
<b>Fees Information:</b>	Subject EFTSL, Level, Discipline & Census Date, <a href="http://enrolment.unimelb.edu.au/fees">http://enrolment.unimelb.edu.au/fees</a>
<b>Generic Skills:</b>	<p>Students who successfully complete this subject will hone the following skills:</p> <ul style="list-style-type: none"> <li># Critical, creative thinking.</li> <li># Persuasive and balanced assessment.</li> <li># Reading with attention to detail.</li> <li># Analysis and clarification of unclear concepts.</li> <li># Simplicity and precision in written and oral presentations.</li> <li># Rigorous reasoning about fundamental issues.</li> </ul>
