Subject Overview:	The research project must be in the area of social health and the topic must be approved by the nominated supervisor. Under normal circumstances, the project will involve: a) a conceptual or theoretical analysis of a given topic in social health; or b) an analysis of existing data relevant to social health. Collection and analysis of primary data may be undertaken, but only with the specific approval of the subject co-ordinator, in consultation with the nominated supervisor. Supervisors will be University academic staff with research capacity and interest in social health.												

Objectives:	<p>Upon completion of this subject, students should have demonstrated their ability to:</p> <ul style="list-style-type: none"> # Complete a critical literature review at masters level # Frame a research question and choose appropriate methods of investigation # Design and conduct on stated research topic in social health # Complete analysis of a stated research topic in social health # Present their research in a written report of an appropriate academic standard # Communicate their research effectively and appropriately in oral form to an audience.
Assessment:	<p>An oral presentation of 15 minutes (10 minute presentation, 5 minutes questions), due during the eleventh week of the first semester of enrolment (15%); an oral presentation of 20 minutes (15 minutes presentation, 5 minutes questions), due during the eleventh week of the second semester of enrolment (20%); a written research report of 5000 to 8,000 words, due during the examination period of the second semester of enrolment (65%). Students must pass the written research report (hurdle).</p>
Prescribed Texts:	None
Breadth Options:	This subject is not available as a breadth subject.
Fees Information:	Subject EFTSL, Level, Discipline & Census Date, http://enrolment.unimelb.edu.au/fees
Generic Skills:	<p>Upon completion of this subject, students will have developed skills in:</p> <ul style="list-style-type: none"> # Critical thinking and analysis, # Initiative, autonomy and organization, # Problem-solving, # Finding, evaluating and using relevant information, # Oral communication, # Written communication.
