

MEDI40004 Seminars in Translational Medicine

Credit Points:	12.50						
Level:	4 (Undergraduate)						
Dates & Locations:	This subject is not offered in 2014.						
Time Commitment:	Contact Hours: 30 Total Time Commitment: 120 hours						
Prerequisites:	<table border="1"> <thead> <tr> <th>Subject</th> <th>Study Period Commencement:</th> <th>Credit Points:</th> </tr> </thead> <tbody> <tr> <td>BIOM40001 Introduction To Biomedical Research</td> <td>February</td> <td>12.50</td> </tr> </tbody> </table>	Subject	Study Period Commencement:	Credit Points:	BIOM40001 Introduction To Biomedical Research	February	12.50
Subject	Study Period Commencement:	Credit Points:					
BIOM40001 Introduction To Biomedical Research	February	12.50					
Corequisites:	<table border="1"> <thead> <tr> <th>Subject</th> <th>Study Period Commencement:</th> <th>Credit Points:</th> </tr> </thead> <tbody> <tr> <td>MEDI40003 Research Project</td> <td>Semester 1</td> <td>25</td> </tr> </tbody> </table>	Subject	Study Period Commencement:	Credit Points:	MEDI40003 Research Project	Semester 1	25
Subject	Study Period Commencement:	Credit Points:					
MEDI40003 Research Project	Semester 1	25					
Recommended Background Knowledge:	Biological / Biomedical 300 level knowledge						
Non Allowed Subjects:	None						
Core Participation Requirements:	For the purposes of considering request for Reasonable Adjustments under the Disability Standards for Education (Cwth 2005), and Student Equitable Adjustment Procedure (SEAP), academic requirements for this subject are articulated in the Subject Overview, Objectives, Assessment and Generic Skills sections of this entry. It is University policy to take all reasonable steps to minimise the impact of disability upon academic study, and reasonable adjustments will be made to enhance a student's participation in the University's programs. Students who feel their disability will impact on meeting the requirements of this subject are encouraged to discuss this matter with a Faculty Student Adviser and the Disability Liaison Unit: http://www.services.unimelb.edu.au/disability/						
Contact:	<p>Academic Coordinator: Dr Chris French frenhc@unimelb.edu.au (mailto:frenhc@unimelb.edu.au)</p> <p>Administrative Coordinator: Ms Mary Ljubanovic mlju@unimelb.edu.au (mailto:mlju@unimelb.edu.au)</p>						
Subject Overview:	The course comprises a series of advanced lectures, delivered in research seminar format, and accompanied by ancillary literature. Each lecture focuses on an area of clinical translational research on a major human disease or a research approach (from epidemiology and public health through to molecular medicine).						
Learning Outcomes:	To gain a wide introduction to the scope of contemporary translational medicine ("bench-to-bedside) to gain an understanding of the processes by which discoveries are translated into practical medicines, treatments or health interventions						
Assessment:	One major essay (20%) 2 hour MCQ theory examination (80%)						
Prescribed Texts:	None						
Breadth Options:	This subject is not available as a breadth subject.						
Fees Information:	Subject EFTSL, Level, Discipline & Census Date, http://enrolment.unimelb.edu.au/fees						
Generic Skills:	# Analysing complex scientific issues						

	<ul style="list-style-type: none"># Identifying critical and essential factors from a large body of information# Making a constructive critique of a scientific presentation# Performing written and oral communication skills at a high standard# Contributing to intellectual discussion# Generating new ideas for scientific experiments
Links to further information:	http://www.medrmhwh.unimelb.edu.au/
Notes:	Students must be enrolled in the Bachelor of Biomedicine (Honours) or Bachelor of Science (Honours) to complete this subject.
Related Majors/Minors/ Specialisations:	Medicine (Royal Melbourne Hospital)
