

## PHTY90013 Paediatric Physiotherapy Theory

<b>Credit Points:</b>	12.50
<b>Level:</b>	9 (Graduate/Postgraduate)
<b>Dates &amp; Locations:</b>	This subject is not offered in 2014.
<b>Time Commitment:</b>	Contact Hours: 36 hours of lectures, seminars, tutorials and clinical studies. Total Time Commitment: Students are expected to undertake a number of hours of self directed learning in this subject. Approximately 70 hours of self directed learning is suggested.
<b>Prerequisites:</b>	For Postgraduate Certificate: PHTY90040 Physiotherapy Professional Portfolio.
<b>Corequisites:</b>	None
<b>Recommended Background Knowledge:</b>	None
<b>Non Allowed Subjects:</b>	None
<b>Core Participation Requirements:</b>	None
<b>Contact:</b>	<p>Physiotherapy  Melbourne School of Health Sciences  The University of Melbourne  Alan Gilbert Building, Level 7, 161 Barry St  Carlton Victoria 3010 AUSTRALIA  T: +61 3 8344 4171  F: +61 3 8344 4188  E: <a href="mailto:physio-enquiries@unimelb.edu.au">physio-enquiries@unimelb.edu.au</a> (<a href="mailto:nursing-enquiries@unimelb.edu.au">mailto:nursing-enquiries@unimelb.edu.au</a>)  W: <a href="http://www.physioth.unimelb.edu.au">www.physioth.unimelb.edu.au</a> (<a href="http://www.nursing.unimelb.edu.au/">http://www.nursing.unimelb.edu.au/</a>)</p>
<b>Subject Overview:</b>	This subject will comprise theoretical knowledge and discussion of current advances in physiotherapy in the areas of paediatric cardiorespiratory, neurological and orthopaedic physiotherapy. Study of bioscience pertaining to these areas will form the basis for the management of common paediatric conditions. Students will undertake and present a case study during the course. The case study will form the basis of a written assignment comprising a critical review of current practice. Students will also maintain a reflective journal to assist them to articulate clinical reasoning processes, and evidenced based clinical practice.
<b>Learning Outcomes:</b>	Refer to Specific Skills as outlined in Generic Skills
<b>Assessment:</b>	Class presentation (due at end of intensive teaching period) (25%) Written assignment 1,500 words (due mid-semester) (25%) Written assignment 3,000 words (due end of semester) (50%).
<b>Prescribed Texts:</b>	None
<b>Breadth Options:</b>	This subject is not available as a breadth subject.
<b>Fees Information:</b>	Subject EFTSL, Level, Discipline & Census Date, <a href="http://enrolment.unimelb.edu.au/fees">http://enrolment.unimelb.edu.au/fees</a>
<b>Generic Skills:</b>	<p><b>Generic Skills:</b></p> <p>On completion of the subject, students will be expected to be able to demonstrate::</p> <ul style="list-style-type: none"> <li># An advanced understanding of the changing knowledge base in paediatrics, and the international context and sensitivities of the area</li> <li># The ability to evaluate and synthesise research and professional literature and apply this information to clinical situations</li> <li># A capacity to articulate their knowledge and understanding in oral and written presentations at an appropriate level</li> </ul>

	<p># well developed problem solving abilities</p> <p><b>Specific Skills:</b></p> <p>On completion of the subject, students will be expected to be able to demonstrate:</p> <ul style="list-style-type: none"> <li># Apply knowledge and skills of advanced clinical physiotherapy practice integrated with new information about management of chronic pain in children, classification of disability according to WHO, the role of grief, family-centred practice and current theories of movement development.</li> <li># Develop effective communication skills (written and oral) by keeping a reflective clinical journal in order to articulate the clinical reasoning process and to describe a particular case study using knowledge gained during the course and from review of current literature.</li> <li># Apply an advanced understanding of the international context and sensitivities of paediatric physiotherapy practice particularly in relation to ethics, professional behaviour and research.</li> </ul>
