

POPH90126 Research Project: Gender/Women's Health

Credit Points:	12.50																																																						
Level:	9 (Graduate/Postgraduate)																																																						
Dates & Locations:	This subject is not offered in 2014. Supervised Project taken over two semesters (12.5 credit points per semester) Students must enrol in for both semesters consecutively.																																																						
Time Commitment:	Contact Hours: 36 hours: attendance at a half-day research training skills workshop (week 1 of semester), approximately fortnightly supervisor meetings, attendance at 2 full-day sessions for student oral presentations (week 11: of each semester). Total Time Commitment: 240 hours

	Students entering the MPH from 2011 must have a weighted average mark of at least 70% for all relevant subjects to be eligible to enrol in the research project. Successful research project applicants will be selected on the basis of academic merit.
Corequisites:	None
Recommended Background Knowledge:	None
Non Allowed Subjects:	None
Core Participation Requirements:	For the purposes of considering request for Reasonable Adjustments under the Disability Standards for Education (Cwth 2005), and Students Experiencing Academic Disadvantage Policy, academic requirements for this subject are articulated in the Subject Description, Subject Objectives, Generic Skills and Assessment Requirements of this entry. The University is dedicated to provide support to those with special requirements. Further details on the disability support scheme can be found at the Disability Liaison Unit website.
Contact:	brj@unimelb.edu.au (mailto:brj@unimelb.edu.au) OR Academic Programs Office Melbourne School of Population and Global Health Tel: +61 3 8344 9339 Fax: +61 3 8344 0824 Email: sph-gradinfo@unimelb.edu.au (mailto:sph-gradinfo@unimelb.edu.au)
Subject Overview:	The Research Project must be in an area of relevance to gender or women's health and the topic approved by the student's supervisor. Students, under supervision, will develop a research question, and design an appropriate method to address the question. They will conduct a systematic literature review, a research protocol, analysis of previously collected data or data collection. Normally, students complete their coursework requirements before being enrolled for supervision of their Research Project.
Learning Outcomes:	After completion of the Research Project candidates will be able to: <ul style="list-style-type: none"> # critically review the existing research literature in an area of gender or women's health # develop a research question # design an appropriate research method to answer a research question # conduct and evaluate research in gender or women's health # present research findings in a written report # communicate research findings in an oral presentation
Assessment:	An oral presentation of 15 minutes (10 minute presentation, 5 minutes questions), due during the eleventh week of the first semester of enrolment (15%); an oral presentation of 20 minutes (15 minutes presentation, 5 minutes questions), due during the eleventh week of the second semester of enrolment (20%); a written research report of 5000 to 8,000 words, due during the examination period of the second semester of enrolment (65%). Students must pass the written research report (hurdle).
Prescribed Texts:	None
Recommended Texts:	None
Breadth Options:	This subject is not available as a breadth subject.
Fees Information:	Subject EFTSL, Level, Discipline & Census Date, http://enrolment.unimelb.edu.au/fees
Generic Skills:	Upon completion of this subject, students will have developed skills in:

	<ul style="list-style-type: none"># Critical thinking and analysis,# Initiative, autonomy and organization,# Problem-solving,# Finding, evaluating and using relevant information,# Oral communication,# Written communication.
