Corequisites:	None																																			
Recommended Background Knowledge:	Completion of APAC approved psychology studies to fourth-year (Honours) level.																																			
Non Allowed Subjects:	None																																			
Core Participation Requirements:	<p>For the purposes of considering requests for Reasonable Adjustments under the Disability Standards for Education (Cwth 2005), and Students Experiencing Academic Disadvantage Policy, academic requirements for this subject are articulated in the Subject Description, Subject Objectives, Generic Skills and Assessment Requirements of this entry. The University is dedicated to provide support to those with special requirements, Further details on the disability support scheme can be found at the Disability Liaison Unit website: http://www.services.unimelb.edu.au/disability/</p>																																			
Contact:	<p>Melbourne School of Psychological Sciences 12th floor Redmond Barry Building (Building 115 Map) Telephone: + 61 3 8344 6377 Email: enquiries@psych.unimelb.edu.au (mailto:enquiries@psych.unimelb.edu.au) Web: http://www.psych.unimelb.edu.au (http://www.psych.unimelb.edu.au)</p>																																			
Subject Overview:	<p>This subject covers topics such as the process of central nervous system development, and the impact of cerebral insult on the process of development. Theoretical issues, including recovery of function and cerebral plasticity, are addressed with reference to CNS disorders common to children (such as head injury, epilepsy, cerebral infection, attention deficits, learning disabilities, and the autistic spectrum of disorders). Clinical practice in child neuropsychology is</p>																																			

	also addressed with reference to topics such as neuropsychological assessment procedures, family interventions, and behavioural management.
Learning Outcomes:	This subject will encourage students to consider neuropsychological disorders within a biopsychosocial framework, considering the context of nervous system development, cognitive development and the environment.
Assessment:	Case report, 1000 words, due mid semester Essay, 2000 words, due end of semester
Prescribed Texts:	None
Breadth Options:	This subject is not available as a breadth subject.
Fees Information:	Subject EFTSL, Level, Discipline & Census Date, http://enrolment.unimelb.edu.au/fees
Generic Skills:	Written, oral and interpersonal communication skills Analytical, information integration and synthesizing skills.
Related Course(s):	Master of Psychology (Clinical Neuropsychology) Master of Psychology (Clinical Neuropsychology)/Doctor of Philosophy
