Course Overview:	<p>This course is no longer taking new applications. This course code has been replaced by A-URBHORT.</p> <p>This course is a two-year full-time course (or equivalent part-time) offered at the Burnley campus of the University. The course is designed to provide vocational outcomes in the area of arboriculture, nursery management, landscape design, and urban parks and gardens management.</p> <p>Current students enrolled in 881AA will have a tailored course plan based on the transition documentation located at: http://www.land-environment.unimelb.edu.au/docs/future-students/undergrad/aduh-transition-update-2013.pdf (http://www.land-environment.unimelb.edu.au/docs/future-students/undergrad/aduh-transition-update-2013.pdf)</p>								
Learning Outcomes:	<p>Students who have completed this course should have acquired the ability to:</p> <ul style="list-style-type: none"> # successfully organise, operate and develop a business plan; # recognise alternatives and opportunities, and have a capacity for imaginative thinking, sound judgement, problem solving and decision making; # act ethically in their approach to the performance of duties relevant to industry standards; # perform a leadership role within their industry and community; and # communicate effectively with employees, employers, clients and professional services in their industries. 								
Course Structure & Available Subjects:	<p>Students are required to complete 200 points of subjects to qualify for the Associate Degree in Urban Horticulture. As this version of the course is being phased out all students will have individually tailored course plans set for them by the course coordinator. Those students who do not take HORT20029 Industry Placement subject will be required to complete the AGRI10005 Industry Placement hurdle requirement to complete this course.</p>								
Subject Options:	<p>First Year</p> <p>Students who must complete 100 points of core subjects from the list below in consultation with the course coordinator.</p> <table border="1" style="width: 100%; border-collapse: collapse;"> <thead> <tr> <th style="width: 60%;">Subject</th> <th style="width: 20%;">Study Period Commencement:</th> <th style="width: 20%;">Credit Points:</th> </tr> </thead> <tbody> <tr> <td> </td> <td> </td> <td> </td> </tr> </tbody> </table>			Subject	Study Period Commencement:	Credit Points:			
Subject	Study Period Commencement:	Credit Points:							

HORT10013 Plant Ecology	Semester 1	12.50
HORT10007 Plant Biology 1	Semester 1	12.50
HORT10009 Horticultural Plants	Semester 1	12.50
HORT10012 Plant Production and Culture	Semester 1	12.50
HORT10014 Soils and Growing Media	Semester 2	12.50
HORT10015 Urban Water Management	Semester 2	12.50
HORT10011 Vegetation Establishment and Maintenance	Semester 2	12.50
NRMT10006 Plant Protection	Not offered 2015	12.50
AGRI10010 Information Literacy for Horticulture	Not offered 2015	12.50
HORT10008 Ecology, Soil and Plants	Not offered 2015	12.50

Second Year

Students must complete 100 points of core subjects from the list below in consultation with the course coordinator.

Subject	Study Period Commencement:	Credit Points:
HORT20012 Advanced Plant Biology	Not offered 2015	12.50
HORT20026 Designing with Plants	Semester 1	12.50
HORT20014 Landscape Design 1	Semester 1	12.50
AGRI10005 Industry Placement	Semester 1	0
HORT20028 Landscape Technology	Semester 2	12.50
HORT20013 Horticulture for Sustainable Communities	Semester 2	12.50
HORT20017 Landscape Design 2	Semester 2	12.50
HORT20019 Urban Tree Management	Semester 2	12.50
HORT20015 Landscape Construction I	Not offered 2015	12.50
NRMT20014 Managing Staff	Not offered 2015	12.50
HORT20029 Urban Horticulture Internship	Semester 1	12.50

Entry Requirements:

Entry into undergraduate degrees is usually via applications through the Victorian Tertiary Admissions Centre (VTAC). Full details regarding the VTAC application process may be found on the VTAC website or by purchasing the VTAC Guide from newsagencies.

Core Participation Requirements:

<p>For the purposes of considering request for Reasonable Adjustments under the Disability Standards for Education (Cwth 2005), and Student Support and Engagement Policy, academic requirements for this subject are articulated in the Subject Overview, Learning Outcomes, Assessment and Generic Skills sections of this entry.</p> <p>It is University policy to take all reasonable steps to minimise the impact of disability upon academic study, and reasonable adjustments will be made to enhance a student's participation in the University's programs. Students who feel their disability may impact on meeting the requirements of this subject are encouraged to discuss this matter with a Faculty Student Adviser and Student Equity and Disability Support: http://services.unimelb.edu.au/disability</p>

Further Study:	Students may wish to continue their studies and undertake a Bachelor degree or articulate into the Bachelor of Environments. Articulation into the Bachelor of Environments may result in subject credits granted from studies undertaken in the Associate Degree in Environmental Horticulture. Applications are usually submitted through the Victorian Tertiary Admissions Centre (VTAC). Full details regarding the VTAC application process may be found on the VTAC website or by purchasing the VTAC Guide from newsagencies.
Graduate Attributes:	On completion of the course students should have: an awareness of, and ability to utilise appropriate communication technology and methods for the storage, evaluation and analysis of information from a range of sources ability to work effectively as an individual and participate as a member of a team ability to plan work, problem-solve, use time effectively and manage small projects a capacity for creativity and innovation, through the application of skills and knowledge well developed communication skills to allow informed dialogue and liaison with individuals and groups from industry, government and the community
Generic Skills:	<p>This course encompasses particular generic skills. On completion of the course students should have:</p> <ul style="list-style-type: none"> * An awareness of, and ability to utilise appropriate communication technology and methods for the storage, evaluation and analysis of information from a range of sources * Ability to work effectively as an individual and participate as a member of a team * Ability to plan work, problem-solve, use time effectively and manage small projects * A capacity for creativity and innovation, through the application of skills and knowledge * Well developed communication skills to allow informed dialogue and liaison with individuals and groups from industry, government and the community
