Subject Overview:	<p>Property and property valuation matter! Residential and commercial properties form a substantial part of a nation's wealth. The practice of quantifying the wealth of landed resources affects the stability of the local, the national and the global markets.</p> <p>Building on prior study of ENV510003 Constructing Environments and ABPL20031 Property Principles, this core subject for the Bachelor of Environments property major introduces students to the main systems and relationships which govern the generation of opinions of market value for urban property held under freehold title in Victoria. Topics include: value and market value; the property market; the valuation profession; methods of valuation; the valuation process; factors influencing value; direct comparison; data collection; data analysis; procedures for determining and reporting value; the main valuation methods; valuation of property leased at market rent.</p>						
Learning Outcomes:	<p>This subject will offer a learning environment that will enable you to:</p> <ul style="list-style-type: none"> • Develop your understanding of the nature property value and the role of the valuation profession, the property market and property valuation methods; • Develop skills and knowledge appropriate for selecting, analysing and synthesising material of relevance to the conduct of property valuation; • Access a comprehensive range of information sources, relevant to the valuation of real property; 						

	<ul style="list-style-type: none"> Analyse, evaluate and criticise relevant materials, supported by reasoned argument and generate independent opinions of value; and Prepare, synthesise and present valuation report at an appropriate standard for academic and professional purposes.
Assessment:	1 x 3 hour end of semester examination (60%) One individual assignment comprising a portfolio of short essays and inspection reports (20%) due mid semester. One group-based valuation report (20%) due end of semester. A minimum grade of 40% must be achieved in the examination in order to pass the subject.
Prescribed Texts:	Valuation of Real Estate, published by Australian Property Institute, 2007.
Breadth Options:	<p>This subject potentially can be taken as a breadth subject component for the following courses:</p> <ul style="list-style-type: none"> # Bachelor of Arts (https://handbook.unimelb.edu.au/view/2015/B-ARTS) # Bachelor of Biomedicine (https://handbook.unimelb.edu.au/view/2015/B-BMED) # Bachelor of Commerce (https://handbook.unimelb.edu.au/view/2015/B-COM) # Bachelor of Environments (https://handbook.unimelb.edu.au/view/2015/B-ENVS) # Bachelor of Music (https://handbook.unimelb.edu.au/view/2015/B-MUS) # Bachelor of Science (https://handbook.unimelb.edu.au/view/2015/B-SCI) # Bachelor of Engineering (https://handbook.unimelb.edu.au/view/2015/B-ENG) <p>You should visit learn more about breadth subjects (http://breadth.unimelb.edu.au/breadth/info/index.html) and read the breadth requirements for your degree, and should discuss your choice with your student adviser, before deciding on your subjects.</p>
