Corequisites:	None									
Recommended Background Knowledge:	None									
Non Allowed Subjects:	None									
Core Participation Requirements:	<p><p>For the purposes of considering request for Reasonable Adjustments under the Disability Standards for Education (Cwth 2005), and Student Support and Engagement Policy, academic requirements for this subject are articulated in the Subject Overview, Learning Outcomes, Assessment and Generic Skills sections of this entry.</p> <p>It is University policy to take all reasonable steps to minimise the impact of disability upon academic study, and reasonable adjustments will be made to enhance a student's participation in the University's programs. Students who feel their disability may impact on meeting the requirements of this subject are encouraged to discuss this matter with a Faculty Student Adviser and Student Equity and Disability Support: http://services.unimelb.edu.au/disability</p></p>									
Coordinator:	Assoc Prof Valerie Francis									
Contact:	Email: vfrancis@unimelb.edu.au (mailto:vfrancis@unimelb.edu.au)									
Subject Overview:	This subject focuses on issues affecting the management of construction projects at the site level. An overview of production management and how it relates to the construction industry is provided along with consideration of issues affecting the efficient use of resources such as labour, subcontract labour, materials, plant and equipment. Construction project planning methods and resource management systems are introduced. Labour productivity improvement techniques to such as work study and activity sampling are presented. Critical path scheduling is introduced and the construction plan for a low rise commercial building is undertaken. Contractor's cost control, industrial relations, site safety and quality assurance are also examined.									
Learning Outcomes:	<p>On completion of the subject students should be able to:</p> <ul style="list-style-type: none"> # understand the roles and responsibilities of the parties involved in the construction stage of a building; # demonstrate a general knowledge of site management procedures for the efficient and effective use of resources on a construction site; # appreciate factors affecting site productivity including the factors of industrial relations and safety at the site level; 									

	# show a sound knowledge of critical path scheduling and apply this knowledge to a given situation.
Assessment:	Site visit assignment due in week 3 (5%) Individual assignment due in week 6 (10%) Planning assignment done in pairs due in week 11 (25%) 3-hour end of semester examination (60%)
Prescribed Texts:	Subject Reader
Breadth Options:	<p>This subject potentially can be taken as a breadth subject component for the following courses:</p> <ul style="list-style-type: none"> # Bachelor of Arts (https://handbook.unimelb.edu.au/view/2015/B-ARTS) # Bachelor of Biomedicine (https://handbook.unimelb.edu.au/view/2015/B-BMED) # Bachelor of Commerce (https://handbook.unimelb.edu.au/view/2015/B-COM) # Bachelor of Environments (https://handbook.unimelb.edu.au/view/2015/B-ENVS) # Bachelor of Music (https://handbook.unimelb.edu.au/view/2015/B-MUS) # Bachelor of Science (https://handbook.unimelb.edu.au/view/2015/B-SCI) # Bachelor of Engineering (https://handbook.unimelb.edu.au/view/2015/B-ENG) <p>You should visit learn more about breadth subjects (http://breadth.unimelb.edu.au/breadth/info/index.html) and read the breadth requirements for your degree, and should discuss your choice with your student adviser, before deciding on your subjects.</p>
Fees Information:	Subject EFTSL, Level, Discipline & Census Date, http://enrolment.unimelb.edu.au/fees
Generic Skills:	<p>Upon successful completion of this subject students will have had the opportunity to develop the following generic skills:</p> <ul style="list-style-type: none"> # analytical skills; # communication skills; # problem solving skills; # team working skills.
Notes:	Safety boots, high visibility vests and a hard hat are required for construction site visits in this subject (to be provided by the student).
