Subject Overview:	<p>This subject is the culmination of each student's studies in Master of Urban Design. It will consist of a number of autonomous studio groups offering a range of opportunities for students to demonstrate an original approach to design synthesis in the relevant discipline, which is based on research and critical thinking. These studios may offer an interdisciplinary experience with students working alongside others in a parallel design discipline.</p> <p>Students will be expected to demonstrate mastery of design resolution, conceptual engagement and aesthetic expression.</p> <p>With course coordinator approval, high-achieving students may undertake the Urban Design Thesis as an individually supervised design investigation. Similarly, under exceptional</p>												

	circumstances and with course coordinator approval, the Design Thesis may be undertaken as a written thesis.
Learning Outcomes:	<p>On completion of this subject, students will be able to:</p> <ul style="list-style-type: none"> • demonstrate a capacity to make a contribution to the existing body of knowledge in architectural, landscape architectural or urban design theory and practice • demonstrate critical awareness of how their chosen specialisation contributes to this body of knowledge • demonstrate an understanding of design as a form of research enquiry
Assessment:	<p>Assignment 1: Written, graphic and verbal presentation of design concept, analytical work and design explorations equivalent to 3,000 words, due week 7, 30%. Assignment 2: Written, graphic and verbal presentation of final design proposal equivalent to 7,000 words. This will include exhibition panels and an accompanying document, due end of semester, 70%.</p>
