Subject Overview:	This subject introduces students to the normal development of infants and children and the causes and indicators of childhood hearing loss. Students gain clinical experience in the behavioural assessment of the hearing of infants and children.																					

Learning Outcomes:	<p>At the completion of this subject, students should be able to:</p> <ul style="list-style-type: none"> • describe in detail the normal physical, social, auditory, speech and language development of infants and young children • describe the risk factors for hearing loss in children, including neonatology, genetics, and illness • describe in detail the rationale and administration of neonatal and paediatric hearing screening regimes • take a clinical history and write basic clinical reports • conduct behavioural assessment of hearing in uncomplicated cases of children aged from 9 months • integrate and interpret paediatric clinical test results
Assessment:	<p>A one hour written examination at the end of semester 1 – 20% A two hour written examination at the end of semester 2 – 50% Clinical skills assessment by OSCE at the end of semester 2 – 30% Hurdle Requirement: Students must pass both written examinations to pass this subject. Satisfactory attendance and participation in paediatric clinical placements throughout the year is a hurdle requirement. Passing the Clinical skills assessment by OSCE at the end of semester 2 is a hurdle requirement for passing the subject.</p>
Prescribed Texts:	Nil
Recommended Texts:	Nil
Breadth Options:	This subject is not available as a breadth subject.
Fees Information:	Subject EFTSL, Level, Discipline & Census Date, http://enrolment.unimelb.edu.au/fees
Generic Skills:	<p>At the completion of this subject, students should be able to demonstrate:</p> <ul style="list-style-type: none"> • critical thinking, analytical and problem solving skills • the ability to integrate theory and practice and to apply this in novel situations • an openness to new ideas • planning and time management skills • the ability to communicate their knowledge in both oral and written form • the ability to behave in a professionally appropriate manner
