Subject Overview:	This unit focuses on problem based learning to build student competencies in working with complex, multi-faceted clinical cases. The content will focus on a range of issues across the lifespan including neurological diseases, diverse cultural backgrounds, mental health,															

	behavioural difficulties, pre-intentional and multimodal communication, diverse socio-economic backgrounds, adolescent development and health, aged care and hearing loss. Students will be required to integrate information from a variety of sources, apply knowledge acquired in previous units, address professional issues that arise during complex cases and communicate their ideas clearly and effectively in both written and oral format.
Learning Outcomes:	<p>On completion of this subject students will:</p> <p>apply evidence based methods for differentially diagnosing, planning and implementing intervention;</p> <p>Integrate knowledge acquired from a variety of sources;</p> <p>have an awareness of the many issues facing case management (e.g. cultural, financial, time, treatment resources, other health providers);</p> <p>demonstrate skills to communicate clearly in both written and oral forms.</p>
Assessment:	Completion of a written report (500 words) in Week 8 – 10% Participation in PBL tutorials in weeks 3 to 12 – 10% Case-based oral presentation (2000 words) to PBL group in weeks 3 to 12 – 40% A two hour written examination at the end of Semester 2 – 40% Hurdle Requirement: Students must pass the written examination in order to pass the subject.
Prescribed Texts:	Nil
Recommended Texts:	Nil
Breadth Options:	This subject is not available as a breadth subject.
Fees Information:	Subject EFTSL, Level, Discipline & Census Date, http://enrolment.unimelb.edu.au/fees
Generic Skills:	<p>On completion of this subject students should show:</p> <p>an ability to evaluate and synthesise information in a flexible manner;</p> <p>a capacity to articulate their knowledge in both oral and written formats;</p> <p>develop an awareness of the challenges facing their clinical practice.</p>
