Course Overview:	<p>The Bachelor of Fine Arts is a new three-year degree which offers immersive and experiential practice-based studio studies in seven areas of specialisation (Visual Art, Film and Television, Contemporary Music, Music Theatre, Theatre Practice, Dance and Production). It features an intense and student-centred approach to skills training, to create self-confident and autonomous arts practitioners with the capacity to build sustainable careers in an international context. Each specialisation features regular opportunities for exhibition, production and performance, and culminates in a capstone experience, which prepares students for professional work and further research. Critical studies build knowledge of the context of a student's core discipline along with academic literacy, and complementary studies offer a choice of electives in the visual and performing arts, or from other areas of study within the University of Melbourne. The degree is designed to have international currency and to assist the VCA to raise its international profile.</p>
Learning Outcomes:	<p>The BFA is designed to train highly skilled arts practitioners who can work independently or in ensemble in a wide range of careers and performance or production opportunities. They will be well-trained and knowledgeable in their own and related fields, and committed to continuous learning and production in their discipline; they will also have a local and international perspective on their own arts practice. As well as excellence in practising their own art form, BFA graduates will have good academic literacy skills in expression, argument and research and be proficient in the use of appropriate modern technologies.</p>
Course Structure & Available Subjects:	<p>The Bachelor of Fine Arts (Dance) requires the successful completion of 300 points comprising 100 points of study at first, second and third year levels. Students can continue to a fourth year of study to complete the Bachelor of Fine Arts (Dance) (Honours).</p> <p>Core Subjects</p> <p>There are 237.5 points in core subjects in the dance specialisation. Dancers are trained for the technical demands and creative challenges of careers in dance through studio-based and theoretical core subjects which focus on dance technique training in contemporary dance and ballet, somatic practices, choreography and performance.</p> <p>Electives</p> <p>Dance students take 62.5 points in electives over the course of their study. 12.5 points must be taken in Dance in 1st and 2nd Year and a further 50 points over 2nd and 3rd Year can be Dance Electives to specialise further in Dance OR VCA electives from other artistic disciplines OR University of Melbourne breadth subjects to prepare for other pathways such as teaching.</p> <p>The course structure for the Bachelor of Fine Arts (Dance) is outlined below.</p>
