

CUMC90007 Minor Thesis - Conservation

Credit Points:	18.75																					
Level:	9 (Graduate/Postgraduate)																					
Dates & Locations:	2015, Parkville This subject commences in the following study period/s: Semester 1, Parkville - Taught on campus. Semester 2, Parkville - Taught on campus.																					
Time Commitment:	Contact Hours: Regular contact with the supervisor, across two concurrent semesters Total Time Commitment: 255 hours per semester																					
Prerequisites:	An equivalent subject to CUMC40003 Introduction to Materials and Techniques may be approved as a pre-requisite. <table border="1" data-bbox="387 629 1485 1064"> <thead> <tr> <th>Subject</th> <th>Study Period Commencement:</th> <th>Credit Points:</th> </tr> </thead> <tbody> <tr> <td>CUMC40001 Conservation Professional Practices</td> <td>March</td> <td>12.50</td> </tr> <tr> <td>CUMC40002 RESPECT</td> <td>October</td> <td>12.50</td> </tr> <tr> <td>CUMC40003 Introduction to Materials and Techniques</td> <td>March</td> <td>12.50</td> </tr> <tr> <td>CUMC40004 Preventive Conservation</td> <td>August</td> <td>12.50</td> </tr> <tr> <td>CUMC40005 Conservation Assessment and Treatment 1</td> <td>July</td> <td>12.50</td> </tr> <tr> <td>CUMC40006 Analytical Chemistry in Conservation</td> <td>September</td> <td>12.50</td> </tr> </tbody> </table>	Subject	Study Period Commencement:	Credit Points:	CUMC40001 Conservation Professional Practices	March	12.50	CUMC40002 RESPECT	October	12.50	CUMC40003 Introduction to Materials and Techniques	March	12.50	CUMC40004 Preventive Conservation	August	12.50	CUMC40005 Conservation Assessment and Treatment 1	July	12.50	CUMC40006 Analytical Chemistry in Conservation	September	12.50
Subject	Study Period Commencement:	Credit Points:																				
CUMC40001 Conservation Professional Practices	March	12.50																				
CUMC40002 RESPECT	October	12.50																				
CUMC40003 Introduction to Materials and Techniques	March	12.50																				
CUMC40004 Preventive Conservation	August	12.50																				
CUMC40005 Conservation Assessment and Treatment 1	July	12.50																				
CUMC40006 Analytical Chemistry in Conservation	September	12.50																				
Corequisites:	None																					
Recommended Background Knowledge:	None																					
Non Allowed Subjects:	None																					
Core Participation Requirements:	For the purposes of considering request for Reasonable Adjustments under the disability Standards for Education (Cwth 2005), and Students Experiencing Academic Disadvantage Policy, academic requirements for this subject are articulated in the Subject Description, Subject Objectives, Generic Skills and Assessment Requirements of this entry. The University is dedicated to provide support to those with special requirements. Further details on the disability support scheme can be found at the Disability Liaison Unit website: http://www.services.unimelb.edu.au/disability/																					
Coordinator:	Dr Nicole Tse																					
Contact:	Nicole Tse nicoleat@unimelb.edu.au																					
Subject Overview:	The student proposes an original research topic that contributes to existing bodies of conservation knowledge and is approved by the coordinator. The student then initiates and conducts an involved program of primary research requiring interdisciplinary skills and knowledge. The student conducts the research with minimal direction from an academic supervisor, and produces a critical research report. The thesis is undertaken across two consecutive semesters. Students undertaking the thesis should have completed 50 points within the Masters program.																					
Learning Outcomes:	# be competent in defining a research question, and in devising and managing an appropriate research path.																					

	# have demonstrated critical reading and analysis skills, and will have demonstrated the ability to write a report that argues and assesses the research questions and objectives.
Assessment:	A 12000 word thesis 100% (due at the end of the second semester of enrolment). Hurdle requirement: Students must meet the stages in assessment for the minor thesis which includes a 100 word proposal, 300 word detailed proposal, mid-year review, major review and final oral thesis presentation.
Prescribed Texts:	None
Breadth Options:	This subject is not available as a breadth subject.
Fees Information:	Subject EFTSL, Level, Discipline & Census Date, http://enrolment.unimelb.edu.au/fees
Related Majors/Minors/ Specialisations:	100 Point Master of Cultural Material Conservation 150 Point Master of Cultural Material Conservation 200 Point Master of Cultural Material Conservation
