Coordinator:	Prof Jenny Williams
Contact:	Email: jenny.williams@unimelb.edu.au (mailto:jenny.williams@unimelb.edu.au)
Subject Overview:	<p>The substantive content of the Advanced Studies subject will include current research projects being conducted by Faculty staff and/or visiting scholars.</p> <p>Alongside the Economics Thesis Workshop, which enhances the preparation of the student's research project, Advanced Studies will provide graduate-level engagement with contemporary work in Econometrics in the student's own area, or in cognate sub-disciplinary areas.</p> <p>Advanced Studies is an opportunity for students to expand their repertoire and demonstrate their graduate-level knowledge in other areas of the discipline. It provides a forum that will inform the research and project development of Graduate Research Degree students, assisting in the framing of research questions and the development and articulation of argument and evidence.</p>
Learning Outcomes:	<p>On successful completion of this subject, students should have:</p> <ul style="list-style-type: none"> # a detailed knowledge of contemporary scholarship in the particular field of Econometrics addressed; # an increased awareness of the range of contemporary scholarship in Econometrics; # the ability to critically assess contributions to the literature; # the skills needed to formulate and analyse models used in that field of Econometrics; # the ability to prepare and present original research papers in that field.
Assessment:	5000 word project report or equivalent due at the end of the teaching period.
