Subject Overview:	This subject deals with the principles of curriculum design and the translation of these principles into a program of study in a specific context. It covers the formulation of objectives and outcomes, content selection, teaching activities and the design of assessment tasks. One module deals with designing for web-based presentation. Participants are encouraged to use the experience as an opportunity to work on the design of a curriculum in which they are involved. The subject also provides participants with the experience of reviewing each other's work online.						
Learning Outcomes:	At the completion of the subject, participants should have developed: <ul style="list-style-type: none"> # a critical understanding of theories and principles of curriculum design; # the ability to translate these principles into programs designed for specific learning environments; # skill in analysing learning environments, student needs and the interests of a range of stakeholders; # the ability to give and receive constructive feedback among peers, and insight into the effective use of this learning procedure. 						
Assessment:	Reviews of peers' draft curriculum documents, 1500 words due mid-semester 30% Curriculum design and commentary 2500 words due end of semester 50% Reflective writing, 1200 words due end of semester 20% Attendance at all classes (tutorial/seminars/practical classes/lectures/labs) is obligatory. Failure to attend 80% of classes will normally result in failure in the subject.						

Prescribed Texts:	None
Breadth Options:	This subject is not available as a breadth subject.
Fees Information:	Subject EFTSL, Level, Discipline & Census Date, http://enrolment.unimelb.edu.au/fees
Generic Skills:	On completing this subject, participants should be able to: <ul style="list-style-type: none"># apply theories and principles to specific contexts;# analyse, evaluate and balance the interests and needs of different groups# work constructively with colleagues to evaluate and support one another's work;# use online communication effectively to facilitate group work
