Subject Overview:	<p>This unit has pedagogy as its central consideration. The interrelationships between curriculum construction, pedagogy and assessment are a key focus. The key concepts :</p> <ul style="list-style-type: none"> # Pedagogical knowledge # Pedagogical content knowledge # Disciplinary knowledge # Inquiry and cross-disciplinary models # Multi-modal and ICT based approaches <p>as critical influences on curriculum constructions and assessment methods are examined in depth. The unit will investigate current thinking about each of these issues and examine the implications for pedagogical decision making, curriculum design and assessment approaches within educational settings.</p>
Learning Outcomes:	<ul style="list-style-type: none"> # Demonstrate an understanding of the relationship between curriculum, pedagogy and assessment. # Draw upon theory and principle to develop a practical framework for implementation.
Assessment:	Students will develop a curriculum plan for a specific context that includes elements of pedagogy, curriculum and assessment incorporated in a cohesive and justified manner. The plan must include an underlying theoretical framework as well as implementation detail, including pedagogical and assessment related strategies. 5,000 words 100 per cent due at the end of semester Attendance at all classes (tutorial/seminars/practical classes/lectures/labs) is obligatory. Failure to attend 80% of classes will normally result in failure in the subject.
Prescribed Texts:	None

Breadth Options:	This subject is not available as a breadth subject.
Fees Information:	Subject EFTSL, Level, Discipline & Census Date, http://enrolment.unimelb.edu.au/fees
Generic Skills:	Analytic skills; Planning ability; written communication skills.
