

EDUC90716 Qualitative Methods for Evaluation

Credit Points:	12.5						
Level:	9 (Graduate/Postgraduate)						
Dates & Locations:	2015, Parkville This subject commences in the following study period/s: January, Parkville - Taught online/distance. Term 3, Parkville - Taught online/distance. July, Parkville - Taught on campus. During the pre-teaching period, students will be expected to complete an online survey and 10 pages of reading provided via LMS, and post a brief reflection and introduction of themselves on the subject's discussion board.						
Time Commitment:	Contact Hours: 24 hours Total Time Commitment: 170 hours						
Prerequisites:	None						
Corequisites:	None						
Recommended Background Knowledge:	Students should have a working knowledge of basic research methods to successfully engage with this subject. EDUC90848 Applied Research for Evaluation (or assessed equivalent) will fill this need; students may take it prior to or concurrent with this subject.						
Non Allowed Subjects:	<table border="1"> <thead> <tr> <th>Subject</th> <th>Study Period Commencement:</th> <th>Credit Points:</th> </tr> </thead> <tbody> <tr> <td>EDUC90795 Qualitative Methods for Evaluation</td> <td>Not offered 2015</td> <td>12.50</td> </tr> </tbody> </table>	Subject	Study Period Commencement:	Credit Points:	EDUC90795 Qualitative Methods for Evaluation	Not offered 2015	12.50

Subject Overview:	This subject provides students with an introduction to the theory and application of qualitative inquiry. Topics that will be examined include: orientations to, and debates surrounding, qualitative approaches; the collection, display and analysis of qualitative data; the use of systematic methods of data reduction, display and analysis and how qualitative research methods are commonly used in evaluation studies.						
Learning Outcomes:	On completion of this subject it is expected that students should be able to: <ul style="list-style-type: none"> # define qualitative inquiry and relate it to its theoretical and philosophical foundations # determine the conditions and questions for which a qualitative study is most appropriate # design and conduct a qualitative study including: selecting and applying a range of data collection techniques; creating and analysing data from field notes and interview transcriptions; developing coding categories and presenting results. 						
Assessment:	There are three pieces of assessment: Quizzes (2 checks for understanding, 250 words each), due Week 2 & Week 8 (10%); Application assignments (3000 words divided among 5 practical						

	applications), due Weeks 2-7 (50%); Written report based on qualitative data analysis and interpretation (1500 words, due end of Week 9 (40%).
