Subject Overview:	<p>This is the final in a series of research subjects that all Master of Teaching Primary students complete.</p> <p>In this subject, candidates will undertake a semester long research project based on a limited number of topics introduced in Researching Education Practice Prim B. Projects will involve either: field-based research; a literature review; or the analysis of existing documents or secondary data. The focus of all topics will be on the use of research to inform and improve education practice. Throughout the semester candidates will receive ongoing supervision from a member of academic staff through campus or school-based group workshops. This subject will culminate with Candidates synthesizing the findings of their research in a written form such as a conference paper, journal article or report. Candidates will also be expected to report findings to the education community where the research took place.</p>						
Learning Outcomes:	<p>On completion of this subject, Teacher Candidates should be able to:</p> <ul style="list-style-type: none"> # Carry out a substantial research-based project # Demonstrate an understanding of the ethical issues associated with practitioner research # Analyze data and synthesize research findings # Report research findings in written and verbal forms 						

	# Use research findings to advance education theory and practice
Assessment:	There are two assessment tasks: A preliminary report equivalent to 800 words indicating project progress. Due midway through the subject, 20% A written task equivalent to 3200 words. Due at the end of the subject, 80% Attendance at all classes (tutorial/seminars/practical classes/lectures/labs/online classes) is obligatory. Failure to attend 80% of classes will normally result in failure in the subject.
Prescribed Texts:	O'Toole, J., & Beckett, D. (2010), Educational Research – Creative Thinking & Doing, Oxford University Press, Melbourne.
Breadth Options:	This subject is not available as a breadth subject.
Fees Information:	Subject EFTSL, Level, Discipline & Census Date, http://enrolment.unimelb.edu.au/fees
Generic Skills:	Students who successfully complete this subject should be able to: <ul style="list-style-type: none"> # Apply critical thinking skills # Apply foundational research skills to address a research question # Demonstrate planning and time management skills # Undertake research independently # Demonstrate a capacity to communicate research results clearly, comprehensively and persuasively.
