Coordinator:	Dr Darrin Durant
Contact:	Darrin Durant ddurant@unimelb.edu.au
Subject Overview:	This subject examines various ways of knowing the environment. Students develop an understanding of the unprecedented transformation in the environment, the sciences, and in politics around environment and knowledge across the twentieth century. As part of their assessment students will study the knowledge practices of a particular environmental organisation becoming sensitised to historical, political and cultural influences on environmental knowledge.
Learning Outcomes:	Students who successfully complete this subject will: <ul style="list-style-type: none"> # become aware of new understandings of knowledge that are developing in response to the perceived complexity of environmental knowledge # Become acquainted with theories and concepts that will enable them to think critically about characteristics that are required for efficacious environmental knowledge.
Assessment:	A research report of 5000 words, 100% (due in the examination period). Hurdle Requirement: Students are required to attend a minimum of 75% of classes in order to pass this subject. Assessment submitted late without an approved extension will be penalised at 2% per working day. After 5 working days late assessment will not be marked. In-class tasks missed without approval will not be marked. All pieces of written work must be submitted to pass this subject.
Prescribed Texts:	A subject reader with key texts will be available from the bookshop.
Breadth Options:	This subject is not available as a breadth subject.
Fees Information:	Subject EFTSL, Level, Discipline & Census Date, http://enrolment.unimelb.edu.au/fees
