Subject Overview:	This subject focuses on the contemporary political landscape of the Middle East and Central Asia. It explores the interplay of international relations and domestic politics, especially in the wake of the war on terror. It traces the challenge of Islamism with reference to the Arab-Israeli conflict and implications of Iran's growing assertiveness in the Persian Gulf and Central Asia. Of particular interest is popular perceptions of the United States in the region, as well as the disconnect between the people and the political elite.
Learning Outcomes:	Students who successfully complete this subject should... <ul style="list-style-type: none"> # have a deeper understanding of the dynamics of the political systems in the Middle East and Central Asia. # have a solid appreciation of the role of great powers in the region. # have a solid grasp of the geo-political issues facing the newly established states of Central Asia. # have an understanding of the interconnectedness of patterns of conflict in the Middle East and Central Asia. # have an understanding of Islamic political and social mechanisms in the Middle East and Central Asia.
Assessment:	A 5000- word research paper 80% (due at the end of the teaching period) and continuous seminar participation 20% (throughout the teaching period).
