Subject Overview:	This subject provides an overview of key elements of effective student learning in tertiary education, to provide participants with knowledge and insights in areas such as: <ul style="list-style-type: none"> # international trends in mass-scale, cross-border and on-line tertiary education # new market entrants and new business models in the provision of tertiary study # introducing new information and communication technologies to teaching and learning # designing and assessing student learning # managing student expectations # assessing and improving teaching quality # internationalising the curriculum. 						
Learning Outcomes:	On completion, participants should be able to apply what they have learned, for example by: <ul style="list-style-type: none"> # developing a plan to restructure an institution's or department's suite of study programs # developing a plan to introduce online subjects in a suite of study programs # assessing the use of student surveys to improve teaching quality # assessing policies designed to internationalise the curriculum. 						
Assessment:	There is one assessment task: 3000-word written assignment, due at end of subject (100%) There are two hurdle requirements: Four online Discussion Board tasks (4 x 500-word commentaries on set readings) due every 2 weeks. For any discussion board task submitted						

	late, the task increases to a 1000 word commentary. Participate in 3 online webinars due every 2-3 weeks. For any webinar missed, students must write and post on the discussion board a 1000 word topic summary, drawing on the recorded webinar and related discussion board postings. NB All hurdle and assessment tasks must be passed. Attendance at all classes (tutorial/seminars/practical classes/lectures/labs/online classes) is obligatory. Failure to attend 80% of classes will normally result in failure in the subject.
Prescribed Texts:	Set readings are provided online before the subject commences.
Breadth Options:	This subject is not available as a breadth subject.
Fees Information:	Subject EFTSL, Level, Discipline & Census Date, http://enrolment.unimelb.edu.au/fees
Generic Skills:	On completing this subject, participants should be able to: <ul style="list-style-type: none"> # communicate with people who work in different cultures and contexts # investigate policy and strategy problems, and generate options to resolve them # assess the risks and benefits of different solutions to management problems # apply accepted policies and principles to different kinds of cases # make well-informed management decisions that consider specific contexts.
