

Animal Disease Biotechnology (specialisation of Animal Health and Disease major)

Year and Campus:	2016																																												
Coordinator:	Associate Professor Jean-Pierre Scheerlinck																																												
Contact:	j.scheerlinck@unimelb.edu.au (mailto:j.scheerlinck@unimelb.edu.au)																																												
Overview:	Animal Disease Biotechnology specialisation within the Animal Health and Disease major. See Animal Health and Disease major.																																												
Learning Outcomes:	See Animal Health and Disease major																																												
Structure & Available Subjects:	Completion of 50 points of study at Level 3.
