Subject Overview:	This studio-based subject is an alternative capstone to the MSD Minor Thesis. It builds on the knowledge attained by students in the Master of Urban Planning first year and addresses a practical problem, which will vary from semester to semester. Fieldwork locations, if any, may change each semester to respond to emerging practical challenges and opportunities. Individual self-guided work will be complemented by a small amount of group work for the development of team work and leadership skills.								

Learning Outcomes:	<p>On completion of this subject, students should be able to:</p> <ul style="list-style-type: none"> # Identify and engage critically with issues related to planning practice; # Conduct primary and secondary research to understand and address planning issues; # Identify and propose creative solutions to planning issues; # Identify and respond to ethical challenges; # Understand the relationships between planning and society, culture, environment, space and politics; # Demonstrate a capacity to work efficiently and effectively individually and as a team; and # Have the ability to devise on strategies and timelines for completing negotiated tasks.
Assessment:	Group work (equivalent to 3000 words per student), due week 5 (30%); Final individual planning report (equivalent to 7000 words), due week 14 (70%).
Prescribed Texts:	None
Breadth Options:	This subject is not available as a breadth subject.
Fees Information:	Subject EFTSL, Level, Discipline & Census Date, http://enrolment.unimelb.edu.au/fees
Generic Skills:	<p>On completion of the subject students should have developed the following skills and capabilities:</p> <ul style="list-style-type: none"> # Critical thinking and analysis; # Research capacity and ability to synthesise and deduce from multiple sources; # Original thinking in context; # Expression of key ideas publicly and in report form; and, # Written and design skills.
