Subject Overview:	This subject introduces students to a range of historical and contemporary issues surrounding the measurement of drug use and the popular and scientific construction of the health, crime and social consequences of drug use. The subject is concerned with the relationships between various constructions of drug phenomena and the policies and practices of drug control. The subject critically addresses issues and techniques involved in demand-reduction (education and treatment) and supply-reduction (law enforcement). At the completion of the subject, students should be able to recognise and explain contemporary discourses on health, harm, crime and public policy related to drug use.
Learning Outcomes:	On completion of this subject students should: <ul style="list-style-type: none"> # understand the broad historical and contemporary patterns of drug use in Australia; # demonstrate an awareness of methodological issues in the acquisition of knowledge about drug use and its consequences; # identify the broad historical, social and political factors which have influenced drug control policies and practices; # recognise and explain contemporary discourses on health, harm, crime and public policy related to drug use.
Assessment:	A 1500 word preliminary essay (30%) due mid-semester. A research essay of 3500 words (70%) due at the end of semester. Hurdle requirement: Students must attend a minimum of 75% of classes in order to pass this subject. All pieces of written work must be submitted to pass this subject. Regular participation in class is required. Note: Assessment submitted late without an approved extension will be penalised at 10% per working day. In-class tasks missed without approval will not be marked.
Prescribed Texts:	A subject reader will be available.
Breadth Options:	This subject is not available as a breadth subject.

Fees Information:	Subject EFTSL, Level, Discipline & Census Date, http://enrolment.unimelb.edu.au/fees
Generic Skills:	<p>On completion of this subject students should:</p> <ul style="list-style-type: none"> # have highly developed cognitive, analytical and problem-solving skills; # have an advanced understanding of complex concepts and the ability to express them lucidly in writing and orally; # have sophisticated awareness of cultural, ethnic and gender diversities and their implications; # have an ability to plan work and to use time effectively.
