Subject Overview:	A study of contemporary theories and models of school-home, school-community partnerships and cross-sectoral practice; critical perspectives on concept of community.
Learning Outcomes:	<p>On completion of this subject students should be able to:</p> <ul style="list-style-type: none"> # demonstrate a critical understanding of contemporary theories on the development of school-community partnership # understand and analyse the research on the impact of parent engagement to identify appropriate practices for improving parent participation in their own setting # establish effective and coordinated cross sectoral community partnerships to enhance student wellbeing and learning in educational settings
Assessment:	There are two assessment components: One assignment of 1,000 words (20 per cent) due mid semester One 4,000 word assignment (80 per cent) due end of semester There are two hurdle requirements: Completion of an on site visit (after Day 3) to a selected Community Agency relevant to their school context. Guideline Questions are provided to structure the visit and discussion with Agency staff and field notes are required to be taken.The visit will normally entail being at the Agency for an hour minimum. Using the knowledge gained on this field visit students are required to prepare a 10 minute presentation on the work of the agency and the potential for collaboration between the school and the agency. This presentation is shared in class, in groups of 6/7 organised around specific wellbeing services This subject has a minimum hurdle requirement of 80% attendance at all tutorials, seminars and workshops.
Prescribed Texts:	None
Breadth Options:	This subject is not available as a breadth subject.
