Course Overview:	<p>The Master of Advanced Nursing Practice is a graduate coursework degree consisting of 100 points, Normally taking twelve months of full-time study or part-time equivalent. Masters prepared nurses assume responsibility for establishing new professional roles, devising new models of care and leading dynamic changes to practice.</p> <p>The first year of study provides the opportunity for students to extend their existing nursing knowledge and develop skills in specialty practice.</p> <p>The second year of study builds on specialisation by focusing on advanced practice skills and knowledge. Specifically it will prepare students for clinical leadership roles in nursing and healthcare.</p>
Learning Outcomes:	<p>On completion of the Master of Advanced Nursing Practice the student will have achieved the following learning outcomes.</p> <ul style="list-style-type: none"> # Demonstrate a comprehensive knowledge of relevant research literature related to a chosen specialty field of Advanced Nursing Practice. # The ability to analyse key social and political influences on the delivery of specialist and Advanced Practice Nursing service/s; # The knowledge and skills required to explore and evaluate the status of (and potential for) Advanced Nursing Practice in national and international contexts; # Knowledge and skills to support extension to practice and the development of therapeutic and evidence-based nursing interventions in specialty and Advanced Nursing Practice; # The skills required to develop, implement and undertake new and innovative practices within established legislative and professional boundaries; # Knowledge and skills to support culturally competent practice, leadership and/or education relevant to specialty and Advanced Nursing Practice
Course Structure & Available Subjects:	<p>This is for commencing students only. Students who commenced the program prior to 2015 should consult the 2014 handbook</p> <p>The Master of Advanced Nursing Practice prepares graduates to be clinically proficient, professionally articulate and ready to assume a major responsibility in developing new professional roles, devising new models of care and overseeing dynamic changes to practice. In the second year two streams are offered.</p> <p>Stream 1 Coursework - comprises 100 credit points: 4x 12.5cp (Core) + 1x 25cp (Selective Capstone) + 2 x 12.5cp (Elective)</p> <p>Stream 2 Minor Thesis - comprises 100 credit points: 1 x 25cp (Capstone) + 50cp (Minor Thesis - Core) + 2 x 12.5cp (Elective)</p>
Subject Options:	Core Subjects for Coursework Students

Students must complete all of the core subjects plus one of the core selective subjects

Subject	Study Period Commencement:	Credit Points:
NURS90086 Quality and Safety in Healthcare	Semester 1	12.50
