ACCT90012 Corporate Reporting	Semester 1, Semester 2	12.50
ACCT90013 Financial Accounting	Semester 1, Semester 2	12.50
ACCT90014 Auditing and Assurance Services	Semester 1, Semester 2	12.50
ACCT90015 Legal Issues for Accountants	Semester 1, Semester 2	12.50
ACCT90016 Taxation for Business Decision Making	Semester 1, Semester 2	12.50
ACCT90030 Information Processes & Control	Semester 1, Semester 2	12.50

Entry Requirements:

1. In order to be considered for entry, applicants must have completed:
 - # an undergraduate degree in a cognate discipline, or equivalent, including studies in subjects related to Accounting and Finance; or
 - # an undergraduate degree with a minor sequence of study in a cognate discipline; and
 - # a statement of intent in seeking entry.

Meeting these requirements does not guarantee selection.
 2. In ranking applications, the Selection Committee will consider:
 - # prior academic performance; and
 - # the applicant's statement of intent.
 3. The Selection Committee may seek further information to clarify any aspect of an application in accordance with the Academic Board **rules** (<http://about.unimelb.edu.au/academicboard/resolutions>) on the use of selection instruments.
 4. The minimum English language requirements for this course are **Band 6.5**. (<http://futurestudents.unimelb.edu.au/admissions/entry-requirements/language-requirements>)
- Notes:**
- 1 Students who discontinue from the Master of Management (including any of its named streams) but have successfully completed the requirements of the Graduate Certificate in Management or the Graduate Diploma in Management will be eligible to receive the Graduate Certificate in Management or the Graduate Diploma in Management, respectively, as an exit award.

Core Participation Requirements:

The Faculty of Business and Economics welcomes applications from students with disabilities. It is University and Faculty policy to take all reasonable steps to minimise the impact of disability

	<p>upon academic study, and reasonable adjustments will be made to enhance a student's participation in the Faculty's programs. The BCom and Masters degrees of the Faculty of Business and Economics equip graduates with the knowledge and technical skills necessary to understand and participate in the modern business world. The degrees include the following academic requirements for study: (1) The ability to explain and evaluate concepts, theories, institutional arrangements and operations of modern mixed economies; (2) The ability to critically evaluate the economy, commerce and business in the broader social and political context; (3) The ability to explain and apply concepts across a range of commerce and business disciplines in solving business and policy problems; and (4) The ability to contribute positively to the development of organisations and society in relation to business, government and the commercial professions. All students of the Faculty's courses must possess intellectual, ethical, and emotional capabilities required to participate in the full curriculum and to achieve the levels of competence required by the Faculty. Candidates for the BCom degree and for FBE Masters degrees must have abilities and skills in communication; in conceptual, integrative, and quantitative dimensions; and in behavioural and social dimensions. I. Communication: The student must be able to communicate effectively and efficiently in oral and/or written form. A student must have the ability to clearly and independently communicate knowledge and application of a discipline, principles or practices during assessment tasks, and in some discipline streams. II. Intellectual#Conceptual, Integrative and Quantitative Abilities: The student is expected to have the ability to develop problem#solving skills and demonstrate the ability to establish study plans and priorities. These abilities include measurement, calculation, reasoning, analysis, and synthesis. Problem solving requires all of these intellectual abilities. Students should also have the ability to comprehend complex disciplinary and cross disciplinary information related to the BCom and Masters degrees. III. Behavioural and Social Attributes: A student must possess behavioural and social attributes that enable them to participate in a complex learning environment and the emotional health required for full utilisation of his/her intellectual abilities. Students are required to take responsibility for their own participation and learning. They also contribute to the learning of other students in collaborative learning environments, demonstrating interpersonal skills and an understanding of the needs of other students. Assessment may include the outcomes of tasks completed in collaboration with other students. Integrity, concern for others, interpersonal skills, interest, and motivation are all personal qualities that are deemed necessary for students enrolled in FBE courses. Students who feel their disability will prevent them from participating in tasks involving the inherent academic requirements of the BCom and FBE Masters courses are encouraged to contact the Disability Liaison Unit. Adjustments can be provided to minimise the impact of a disability, but students should participate in the course in an independent manner.</p>
<p>Graduate Attributes:</p>	<p>On successful completion of this degree students should have enhanced their skills in: Critical evaluation of evidence in support of an argument or proposition; Problem identification and solving in finance through the application of appropriate financial theories, principles and data; Communication of accounting, finance and commerce related ideas, theories and solutions to peers and the wider community; Ability to synthesize ideas, theories and data in developing solutions to accounting and finance problems; Ethical practice through a knowledge of corporate governance processes and implementation; Business research skills including the retrieval of information from a variety of sources; Statistical reasoning in finance through application of financial theories to real world cases; Demonstrate a capacity to successfully engage in collaborative activities such as group based work and activities; and Interpret and communicate research results to specialist and non-specialist audiences.</p>
<p>Generic Skills:</p>	<p>On successful completion of this degree students should have enhanced their skills in:</p> <ul style="list-style-type: none"> # Critical evaluation of evidence in support of an argument or proposition; # Problem identification and solving in finance through the application of appropriate accounting and financial theories, principles and data; # Communication of accounting, finance and commerce related ideas, theories and solutions to peers and the wider community; # Ability to synthesize ideas, theories and data in developing solutions to accounting and finance problems; # Ethical practice through a knowledge of corporate governance processes and implementation; # Business research skills including the retrieval of information from a variety of sources; # Statistical reasoning in finance through application of financial theories to real world cases; # Demonstrate a capacity to successfully engage in collaborative activities such as group based work and activities; # Interpret and communicate research results to specialist and non-specialist audiences; and

Teamwork through collaborative exercises in tutorials and assessment.
