Coordinator:	Dr Gamze Koseoglu, Mr Andrew Zur
Contact:	Semester 1: TBC Semester 2: Andrew Zur ajzur@unimelb.edu.au (mailto:ajzur@unimelb.edu.au)
Subject Overview:	Businesses are collections of individuals who are organised and cooperate to solve problems. Thus, all business activity has its roots in psychological processes such as individual and group cognition and emotion, personality, and social influence. In this subject we explore the psychological foundations of management practice by focusing on how managerial problems (e.g., high levels of absenteeism; poor collaboration among team members; etc.) can be understood and addressed using different psychological principals.
Learning Outcomes:	On successful completion of this subject, students should be able to: <ul style="list-style-type: none"> # Understand the psychological underpinnings of employee and management behaviour; # Understand how to interpret managerial problems using different psychological theories; and # Grasp how different management practices shape employee experience and behaviour.
Assessment:	2 hour end-of-semester examination (50%); 1000 word individual assignment due in week 6 (20%); and 2000 word group assignment due in the final week of semester (30%).
Prescribed Texts:	None
Breadth Options:	This subject is not available as a breadth subject.
Fees Information:	Subject EFTSL, Level, Discipline & Census Date, http://enrolment.unimelb.edu.au/fees
