Prerequisites:	nil
Corequisites:	nil
Recommended Background Knowledge:	nil
Non Allowed Subjects:	nil
Core Participation Requirements:	For the purposes of considering requests for Reasonable Adjustments under the Disability Standards for Education (Commonwealth 2005), and Students Experiencing Academic Disadvantage Policy, academic requirements for this subject are articulated in the Subject Overview, Objectives, Assessment and Generic Skills sections of this entry. It is University policy to take all reasonable steps to minimise the impact of disability upon academic study, and reasonable adjustments will be made to enhance a student's participation in the University's programs. Students who feel their disability may impact on meeting the requirements of this course are encouraged to discuss this matter with the Student Equity and Disability Support Team: http://www.services.unimelb.edu.au/disability/
Contact:	School of Melbourne Custom Programs Phone: 9810 3148 Email: TL-postgrad@unimelb.edu.au (mailto:mccp.enquiries@mccp.unimelb.edu.au)
Subject Overview:	Please note: this subject is currently closed and the School of Melbourne Custom Programs is not accepting enrolments. Under the supervision of at least one academic staff member, the student will undertake original academic research on a significant and professionally relevant topic. S/he will write a thesis based on the results of that research. Students will be encouraged to write a thesis in a format that might be appropriate to, or readily adapted for, publication in an academic research journal.
Learning Outcomes:	Students who complete this subject will be able to: <ul style="list-style-type: none"> • demonstrate competence in proposing, researching, analyzing, and writing up a piece of academic research that contributes to the body of knowledge in the broad area of e-Forensic Investigation and Enterprise Security; • demonstrate the ability to write in a form suitable for dissemination in academic forums; and • engage in the process of producing original research.
