

## MUSI40075 Music Psychology

<b>Credit Points:</b>	12.5
<b>Level:</b>	4 (Undergraduate)
<b>Dates &amp; Locations:</b>	2016, Parkville This subject commences in the following study period/s: Semester 1, Parkville - Taught on campus.
<b>Time Commitment:</b>	Contact Hours: 24 hours, comprising one 2-hour lecture per week. Total Time Commitment: 120 hours
<b>Prerequisites:</b>	None
<b>Corequisites:</b>	None
<b>Recommended Background Knowledge:</b>	None
<b>Non Allowed Subjects:</b>	None
<b>Core Participation Requirements:</b>	It is University policy to take all reasonable steps to minimise the impact of disability upon academic study, and reasonable adjustments will be made to enhance a student's participation in the University's programs. Students who feel their disability will impact on meeting the requirements of this subject are encouraged to discuss this matter with a Faculty Student Adviser and the Disability Liaison Unit.
<b>Coordinator:</b>	Dr Grace Thompson
<b>Contact:</b>	<a href="mailto:graceat@unimelb.edu.au">graceat@unimelb.edu.au</a> (mailto:graceat@unimelb.edu.au)
<b>Subject Overview:</b>	This subject will encompass an initial exploration of music psychology research. Selected researchers within the field, including music therapists, behavioural neuroscientists, neuropsychologists, and experimental psychologists will outline recent and current practical research involving music across the lifespan. Information will be provided on the relationship between music and the brain, as well as music and the body. The development of musical skills at different life stages will be outlined, from birth to old age. Each lecture will be assessed by weekly on-line quizzes and students will select one topic for specialisation for the final assignment.
<b>Learning Outcomes:</b>	On completion of this subject, students should be able to: <ul style="list-style-type: none"> <li># identify relevant research to a range of topics from a range of disciplines</li> <li># present integrated summaries of relevant research studies</li> <li># critically analyse research and varying theories pertinent to Music Psychology</li> </ul>
<b>Assessment:</b>	Weekly participation in web-based quiz (40%) 2000 word written assignment, due at the end of semester (60%)
<b>Prescribed Texts:</b>	Rickard, N. & McFerran, K. (2011). Lifelong Engagement with Music: Benefits for Mental Health and Well-Being. Melbourne: Nova Publishers. Electronic readings will be available online via the LMS website.
<b>Breadth Options:</b>	This subject is not available as a breadth subject.
<b>Fees Information:</b>	Subject EFTSL, Level, Discipline & Census Date, <a href="http://enrolment.unimelb.edu.au/fees">http://enrolment.unimelb.edu.au/fees</a>
<b>Generic Skills:</b>	On completion of this subject, students should have developed: <ul style="list-style-type: none"> <li># skills in accessing current research from international databases, web sites, journals and texts</li> <li># the ability to analyse and critique literature and presentations</li> </ul>

	# high level conceptual and applied skills
