

# NURS90080 Emergency Nursing 1

<b>Credit Points:</b>	12.5						
<b>Level:</b>	9 (Graduate/Postgraduate)						
<b>Dates &amp; Locations:</b>	2016, Parkville This subject commences in the following study period/s: Semester 1, Parkville - Taught on campus.						
<b>Time Commitment:</b>	Contact Hours: 24 hours Total Time Commitment: 170 hours						
<b>Prerequisites:</b>	To enrol in this subject, you must be admitted in one of the Graduate Certificate in Nursing Practice (Emergency). This subject is not available for students admitted in any other courses. Please contact the School of Melbourne Custom Programs for more information. <table border="1" data-bbox="386 600 1485 779"> <thead> <tr> <th>Subject</th> <th>Study Period Commencement:</th> <th>Credit Points:</th> </tr> </thead> <tbody> <tr> <td>NURS90076 Applied Pathophysiology</td> <td>Summer Term, Semester 2</td> <td>12.5</td> </tr> </tbody> </table>	Subject	Study Period Commencement:	Credit Points:	NURS90076 Applied Pathophysiology	Summer Term, Semester 2	12.5
Subject	Study Period Commencement:	Credit Points:					
NURS90076 Applied Pathophysiology	Summer Term, Semester 2	12.5					
<b>Corequisites:</b>	None						
<b>Recommended Background Knowledge:</b>	None						
<b>Non Allowed Subjects:</b>	None						
<b>Core Participation Requirements:</b>	For the purposes of considering requests for Reasonable Adjustments under the Disability Standards for Education (Commonwealth 2005), and Students Experiencing Academic Disadvantage Policy, academic requirements for this subject are articulated in the Subject Overview, Objectives, Assessment and Generic Skills sections of this entry. It is University policy to take all reasonable steps to minimise the impact of disability upon academic study, and reasonable adjustments will be made to enhance a student's participation in the University's programs. Students who feel their disability may impact on meeting the requirements of this course are encouraged to discuss this matter with the Student Equity and Disability Support Team: <a href="http://www.services.unimelb.edu.au/disability/">http://www.services.unimelb.edu.au/disability/</a>						
<b>Coordinator:</b>	Assoc Prof Marie Gerdtz

<b>Subject Overview:</b>	This subject is designed to provide the theoretical foundation for entry into specialty emergency nursing practice. Students will extend their understanding of general to systemic pathology of organ systems. This will be applied to the assessment and management of high prevalence conditions. Patient and family perspectives of illness will be considered in the development and implementation of multi-disciplinary care planning. Students will gain essential knowledge to plan manage and monitor emergency care interventions. They will apply scientific principles and research evidence underpinning the use of the primary and secondary survey and identify patients at risk of life threatening complications. Students will become familiar with immediate interventions required to establish and maintain patient stability, including, but not limited to advanced life support techniques.						
<b>Learning Outcomes:</b>	On successful completion of this subject students will demonstrate theoretical knowledge in emergency nursing by: <ol style="list-style-type: none"> <li>1. integrating core principles covered in the subject and its pre-requisite, Applied Pathophysiology, to develop foundational knowledge in the principles of emergency assessment and resuscitation;</li> <li>2. applying knowledge and skills learnt in the subject to plan and implement specialist emergency nursing care;</li> </ol>						

	3. selecting and evaluating emergency nursing interventions in for patients with high prevalence conditions.
<b>Assessment:</b>	Written assignment (1000 words) Week 5 - 20% Written assignment (2000 words) Week 10 - 30% 4 Closed Book tests (Weeks 4, 7, 9, 12) - 50%
<b>Prescribed Texts:</b>	None
<b>Breadth Options:</b>	This subject is not available as a breadth subject.
<b>Fees Information:</b>	Subject EFTSL, Level, Discipline & Census Date, <a href="http://enrolment.unimelb.edu.au/fees">http://enrolment.unimelb.edu.au/fees</a>
<b>Generic Skills:</b>	On completion of the subject students should have developed the following generic skills of the Melbourne graduate and graduate coursework student: 1. A capacity to articulate their knowledge and understanding in written modes of communication; 2. A capacity to manage competing demands on time, including self-directed project work. 3. An ability to evaluate and synthesize the research and professional literature in this discipline.
