Coordinator:	Prof John Carlin
Contact:	john.carlin@unimelb.edu.au (mailto:%20john.carlin@unimelb.edu.au) OR Current Student Enquiries: 13melb@unimelb.edu.au (mailto:13melb@unimelb.edu.au) Future Student Enquiries: http://sc.mdhs.unimelb.edu.au/askgradcw (http://sc.mdhs.unimelb.edu.au/askgradcw)
Subject Overview:	The student will provide evidence of having met this goal by presenting a minor dissertation made up of a preface (describing the context in which their project was conducted and a reflection on what they have learned, how it has drawn upon, integrated and built upon subjects offered previously in the course and increased their confidence and competency in professional practice) and two project reports.
Learning Outcomes:	The aim of this subject is that the student gains practical experience, usually in a workplace setting, in the application of knowledge and skills learnt during the coursework of the Master of Biostatistics program, under supervision of an experienced biostatistician.
Assessment:	Portfolio or minor dissertation (approximately 10,000 words) to be marked by two examiners at least one of whom will be internal to the University of Melbourne. Project 1 due at the end of the assessment period in the first semester. Project 2 due at the end of the assessment period of the second semester.
Prescribed Texts:	None
Breadth Options:	This subject is not available as a breadth subject.
