Subject Overview:	This subject allows students to study key aspects of Hispanic culture, primarily through the analysis of specific literary texts and/or films. Students will also have the opportunity to study the development of Hispanic society. By the end of the subject, students should have been introduced to a number of literary texts and/or films in order to improve their standard of comprehension and to gain some understanding of the process of literary/cultural criticism. They should also have acquired the ability to examine critically various aspects of Hispanic history and culture.
