

## VETS40017 Veterinary Clinical Skills

<b>Credit Points:</b>	50
<b>Level:</b>	4 (Undergraduate)
<b>Dates &amp; Locations:</b>	2016, This subject commences in the following study period/s: Semester 1, - Taught on campus. Semester 2, - Taught on campus.
<b>Time Commitment:</b>	Contact Hours: Up to 480 practical/tutorial hours (12 weeks) Total Time Commitment: 480 hours
<b>Prerequisites:</b>	Completion of adequate pre-clinical training. Enrolment into this subject requires approval of the subject coordinator. The language of instruction is English. Students must be fluent in spoken and written English. Students approved for enrolment into this subject participate in the clinical elective rotations alongside students formally enrolled in the veterinary science course of the Faculty of Veterinary and Agricultural Sciences. Opportunities to enrol into this subject each semester are limited by the capacity of the Veterinary Hospital to accommodate additional students.
<b>Corequisites:</b>	Nil
<b>Recommended Background Knowledge:</b>	A sound understanding of structure, function and dysfunction in domestic animals and diseases of importance in domestic animals and principles of their treatment.
<b>Non Allowed Subjects:</b>	None
<b>Core Participation Requirements:</b>	Refer to the Core Participation Requirements statement within the course entry for the Doctor of Veterinary Medicine: <a href="https://handbook.unimelb.edu.au/view/current/MC-DVETMED">https://handbook.unimelb.edu.au/view/current/MC-DVETMED</a>
<b>Coordinator:</b>	Prof Ted Whitem
<b>Contact:</b>	Email: <a href="mailto:ted.whitem@unimelb.edu.au">ted.whitem@unimelb.edu.au</a> ( <a href="mailto:ted.whitem@unimelb.edu.au">mailto:ted.whitem@unimelb.edu.au</a> )
<b>Subject Overview:</b>	<b>This subject is only available to incoming exchange students.</b> <b>It is not available for students enrolled in an award program at the University of Melbourne.</b> The subject consists of blocks of practical work in clinical disciplines selected by the student and approved by the subject coordinator. This may be undertaken in the Veterinary Hospital, specialised academic units, research laboratories or approved practices.
<b>Learning Outcomes:</b>	The subject enables students to spend extra time in areas of particular interest to them. Thus they could spend time in a specific practice (such as agricultural animal, equine, small animal) or a specific discipline (such as diagnostic imaging, emergency and critical care, internal medicine, small animal surgery, equine medicine and surgery, neurology) subject to availability of suitable places.
<b>Assessment:</b>	Satisfactory performance in each of four elective rotations (blocks) during semester (i.e. 4 x 20%) worth 80% of subject assessment One 60-minute examination at the end of semester covering all aspects of the rotations worth 20% of subject assessment To successfully pass this subject a student must pass the examination and each elective rotation.
<b>Prescribed Texts:</b>	Nil
<b>Breadth Options:</b>	This subject is not available as a breadth subject.

<b>Fees Information:</b>	Subject EFTSL, Level, Discipline & Census Date, <a href="http://enrolment.unimelb.edu.au/fees">http://enrolment.unimelb.edu.au/fees</a>
